"Digital Ukraine: Ensuring academic success in times of crisis (2023)"

in summer semester 2023

and achieved the following grade:

(details on the rear side)

Organization of databases and knowledge bases
(Bachelor)

90 %

Prof. Dr. Marcus Frohme   Prof. Dr. Igor Grebennik   Prof. Dr. Alina Nechyporenko

About the Wildau-Kharkiv-IT-Bridge (WKITB)

Wildau-Kharkiv-IT-Bridge (WKITB) is a project in the DAAD programme "Ukraine digital: Ensuring academic success in times of crisis (2023)". WKITB aims to support Ukrainian lecturers and students by providing a digital teaching and learning platform. It brings together 60 lecturers from eight universities in Kharkiv in the field of IT with thousands of students from all over Ukraine.

Organization of databases and knowledge bases

Credit Points: 5 ECTS

Study program(s):   126 Information Systems and Technologies

The purpose of the educational discipline is to form students' skills in the practical application of existing database management systems; development of effective models of data provision based on the study of the subject area, methods of analysis, search and use of existing database management systems; familiarity with existing database management systems of relational and non-relational types; providing theoretical and engineering training of specialists in the field of designing database management systems
